

Aashrith Raj Tatipamula

(226) 980 7111 | 58319@ldcsb.org

- To use my passion for engineering and innovation to develop solutions that create real-world impact.

ABOUT ME

I'm a high school student who loves building smart tech to solve real problems. From AI skin diagnosis to decoding radio signals with Raspberry Pi, I dive into every project with curiosity. I lead in debate and robotics, and explore research that blends with engineering to make an impact.

EDUCATION

2022 - 2026 • Mother Teresa Catholic Secondary School (London, ON)

WORK EXPERIENCE

April 2025 - Present • Canadian Armed Forces (London, ON)
Signal Operator

- I am training to develop skills in operating communication systems essential to military operations.

VOLUNTEER EXPERIENCE

YMCA (October 2022 - Present)
Child and Youth Volunteer

- Planning and supervising sports and physical activities. Engaging in one-on-one interactions
Acting as a positive role model, promoting confidence and self-esteem for the kids

CERTIFICATIONS

Cisco Networking Basics, April 2025 • Issued by: Cisco (London, ON)

- Developed foundational skills in configuring, diagnosing, and maintaining networks.
